

A fun lil' christmas that does not cost much !

You're wondering how to offer a beautiful Christmas to your children?

Here are some ideas that could help you organize everything:

Budget gift ideas:

1-Offer some happiness **CoolLilMoment**: make collages to create gift tickets to share little moments of love and kindness such as a little massage, a make-up session, an outing in nature, or any other pleasant and relaxing activity that you want to share with your family and that you can do by yourself.

2-Offer your help **LilHelpingHand**: make collages to create help tickets that could be use between your family members. Think about what each family member does best or likes to do the most and design little **ImHeree** help cards! and offer them to other family members (offer to do the dishes, clean, fold the laundry, tidy the room, help with school work, teach music/drawing/sewing or other, washing the car, walking the dog...)

Meal ideas: there is no shame in contacting food banks or community organizations in your area. To decorate the Christmas table you can ask the children to help you by creating homemade decorations (cutouts from magazines or grocery catalogs)

Entertainment and games:

- create a Christmas party theme and dress up using what you already have at home (70s-80s, masked ball, cartoon,...)
- have a Karaoke evening without a microphone by involving all the members of the family (sing duets, children's songs, Christmas carols, etc.)
- play "Guess who is singing?" »
- have a dance competition on Christmas music
- play "Who am I?" » on a theme appreciated or known by the whole family
- prepare a photo-booth using only recycled products available at home. You can choose a fun theme such as Christmas at the beach, Christmas in space, Christmas paw patrol, Christmas in another country of the world (Japan, Australia, Mexico...). Let your imagination travel!

Remember to organize everything together,
because what matters most is being with family!
